Details of Workshop

Learn to restore a cloth-bound, hardcover book, retaining the original cover and spine and rebuilding it structurally.

Students can bring their own books to work, subject to suitability. No larger than 8" high, ideally about 5-6". The text block needs to be intact, as there will not be time to do added repairs. I hope to provide books to work on, if needed.

This is not a beginners course. Students need to be comfortable working with book binding tools, materials and equipment.

The class is limited to 3 students, and will be offered again, in another month's time (date to be determined), if needed.
